(e) **COSTS SPECIFICALLY AUTHORIZED BY EXECUTIVE AGENCY IN PROCEEDING COMMENCED BY STATE.**—In the case of a proceeding referred to in subsection (b) that is commenced by a State, the executive agency that awarded the covered contract involved in the proceeding may allow the costs incurred by the contractor in connection with the proceeding as reimbursable costs if the executive agency determines, in accordance with the Federal Acquisition Regulation, that the costs were incurred as a result of—

§ 4501. Authority of executive agency

An executive agency may—

- (1) make advance, partial, progress or other payments under contracts for property or services made by the agency; and
- (2) insert in solicitations for procurement of property or services a provision limiting to small business concerns advance or progress payments.

§ 4502. Payment

(a) **BASIS FOR PAYMENT.**—When practicable, payments under section 4501 of this title shall be made on any of the following bases:

(1) Performance measured by objective, quantifiable methods such as delivery of acceptable items, work measurement, or statistical process controls.

(2) Accomplishment of events defined in the program management plan.

(3) Other quantifiable measures of results.

(b) **PAYMENT AMOUNT.**—Payments made under section 4501 of this title may not exceed the unpaid contract price.

§ 4503. Security for advance payments

Advance payments under section 4501 of this title may be made only on adequate security and a determination by the agency head that to do so would be in the public interest. The security may be in the form of a lien in favor of the Federal Government on the property contracted for, on the balance in an account in which the payments are deposited, and on such of the property acquired for performance of the contract as the parties may agree. This lien shall be paramount to all other liens and is effective immediately upon the first advancement of funds without filing, notice, or any other action by the Federal Government.

§ 4504. Conditions for progress payments

(a) **PAYMENT COMMENSURATE WITH WORK.**—The executive agency shall ensure that a payment for work in progress (including materials, labor, and other items) under a contract of an executive agency that provides for those payments is commensurate with the work accomplished that meets standards established under the contract. The contractor shall provide information and evidence the executive agency determines is necessary to permit the executive agency to carry out this subsection.

(b) **LIMITATION.**—The executive agency shall ensure that progress payments referred to in subsection (a) are not made for more than 80 percent of the work accomplished under the contract as long as the executive agency has not made the contractual terms, specifications, and price definite.

(c) **APPLICATION.**—This section applies to a contract in an amount greater than \$25,000.

§ 4505. Payments for commercial items

(a) **TERMS AND CONDITIONS FOR PAYMENTS.**—Payments under section 4501 of this title for commercial items may be made under terms and conditions that the head of the executive agency determines are appropriate or customary in the commercial marketplace and are in the best interests of the Federal Government.

(b) **SECURITY FOR PAYMENTS.**—The head of the executive agency shall obtain adequate security for the payments. If the security is in the form of a lien in favor of the Federal Government, the lien is paramount to all other liens and is effective immediately on the first payment, without filing, notice, or other action by the Federal Government.

(c) **LIMITATION ON ADVANCE PAYMENTS.**—Advance payments made under section 4501 of this title for commercial items may include payments, in a total amount not more than 15 percent of the contract price, in advance of any performance of work under the contract.

(d) **NONAPPLICATION OF CERTAIN CONDITIONS.**—The conditions of sections 4503 and 4504 of this title need not be applied if they would be inconsistent, as determined by the head of the executive agency, with commercial terms and conditions pursuant to this section.

§ 4506. Action in case of fraud

(a) **DEFINITION.**—In this section, the term “remedy coordination official”, with respect to an executive agency, means the individual or entity in that executive agency who coordinates within that executive agency the administration of criminal, civil, administrative, and contractual remedies resulting from investigations of fraud or corruption related to procurement activities.

(b) **RECOMMENDATION TO REDUCE OR SUSPEND PAYMENTS.**—In any case in which the remedy coordination official of an executive agency finds that there is substantial evidence that the request of a contractor for advance, partial, or progress payment under a contract awarded by that executive agency is based on fraud, the remedy coordination official shall recommend that the executive agency reduce or suspend further payments to that contractor.

(c) **REDUCTION OR SUSPENSION OF PAYMENTS.**—The head of an executive agency receiving a recommendation under subsection (b) in the case of a contractor’s request for payment under a contract shall determine whether there is substantial evidence that the request is based on fraud. On making an affirmative determination, the head of the executive agency may reduce or suspend further payments to the contractor under the contract.

(d) **EXTENT OF REDUCTION OR SUSPENSION.**—The extent of any reduction or suspension of payments by an executive agency under subsection (c) on the basis of fraud shall be reasonably commensurate with the anticipated loss to the Federal Government resulting from the fraud.

(e) **WRITTEN JUSTIFICATION.**—A written justification for each decision of the head of an executive agency whether to reduce or suspend payments under subsection (c), and for each recommendation received by the executive agency in connection with the decision, shall be prepared and be retained in the files of the executive agency.

(f) **NOTICE.**—The head of each executive agency shall prescribe procedures to ensure that, before the head of the executive agency decides to reduce or suspend payments in the case of a contractor under subsection (c), the contractor is afforded notice of the proposed reduction or suspension and an opportunity to submit matters to the executive agency in response to the proposed reduction or suspension.

(g) **REVIEW.**—Not later than 180 days after the date on which the head of an executive agency reduces or suspends payments to a contractor under subsection (c), the remedy coordination official of the executive agency shall—

(1) review the determination of fraud on which the reduction or suspension is based; and

(2) transmit a recommendation to the head of the executive agency whether the suspension or reduction should continue.

(h) **REPORT.**—The head of each executive agency who receives recommendations made by the remedy coordination official of the executive agency to reduce or suspend payments under subsection (c) during a fiscal year shall prepare for that year a report that

contains the recommendations, the actions taken on the recommendations and the reasons for those actions, and an assessment of the effects of those actions on the Federal Government. The report shall be available to any Member of Congress on request.

(3) **MAINTAINING COPIES OF FINDINGS.**—The head of an executive agency shall maintain for a period of not less than 6 years a copy of each finding referred to in paragraph (1) that is made by an individual in that executive agency. The period

§ 4702. Prohibition on release of contractor proposals

(a) DEFINITION.—In this section, the term “proposal” means a proposal, including a technical, management, or cost proposal, submitted by a contractor in response to the requirements of a solicitation for a competitive proposal.

(b) PROHIBITION.—A proposal in the possession or control of an executive agency may not be made available to any person under section 552 of title 5.

(c) NONAPPLICATION.—Subsection (b) does not apply to a proposal that is set forth or incorporated by reference in a contract entered into between the agency and the contractor that submitted the proposal.

§ 4703. Validation of proprietary data restrictions

(a) CONTRACT THAT PROVIDES FOR DELIVERY OF TECHNICAL DATA.—A contract for property or services entered into by an executive agency that provides for the delivery of technical data shall provide that—

(1) a contractor or subcontractor at any tier shall be prepared to furnish to the contracting officer a written justification for any restriction the contractor or subcontractor asserts on the right of the Federal Government to use the data; and

(2) the contracting officer may review the validity of a restriction the contractor or subcontractor asserts under the contract on the right of the Federal Government to use technical data furnished to the Federal Government under the contract if the contracting officer determines that reasonable grounds exist to question the current validity of the asserted restriction and that the continued adherence to the asserted restriction by the Federal Government would make it impracticable to procure the item competitively at a later time.

(b) CHALLENGE OF RESTRICTION.—If after a review the contracting officer determines that a challenge to the asserted restriction is warranted, the contracting officer shall provide written notice to the contractor or subcontractor asserting the restriction. The notice shall state—

(1) the grounds for challenging the asserted restriction; and

(2) the requirement for a response within 60 days justifying the current validity of the asserted restriction.

(c) ADDITIONAL TIME FOR RESPONSES.—If a contractor or subcontractor asserting a restriction subject to this section submits to the contracting officer a written request showing the need for additional time to comply with the requirement to justify the current validity of the asserted restriction, the contracting officer shall provide appropriate additional time to adequately permit the justification to be submitted.

(d) MULTIPLE CHALLENGES.—If a party asserting a restriction receives notices of challenges to restrictions on technical data from more than one contracting officer, and notifies each contracting officer of the existence of more than one challenge, the contracting officer initiating the earliest challenge, after consultation with the party asserting the restriction and the other contracting officers, shall formulate a schedule of responses to each of the challenges that will afford the party asserting the restriction with an equitable opportunity to respond to each challenge.

(e) DECISION ON VALIDITY OF ASSERTED RESTRICTION.—

(1) NO RESPONSE SUBMITTED.—The contracting officer shall issue a decision pertaining to the validity of the asserted restriction if the contractor or subcontractor does not submit a response under subsection (b).

(2) RESPONSE SUBMITTED.—Within 60 days of receipt of a justification submitted in response to the notice provided pursuant to subsection (b), a contracting officer shall issue a decision or notify the party asserting the restriction of the time within which a decision will be issued.

(f) CLAIM DEEMED CLAIM WITHIN CHAPTER 71.—A claim pertaining to the validity of the asserted restriction that is submitted in writing to a contracting officer by a contractor or subcontractor at any tier is deemed to be a claim within the meaning of chapter 71 of this title.

(g) FINAL DISPOSITION OF CHALLENGE.—

(1) CHALLENGE IS SUSTAINED.—If the contracting officer's challenge to the restriction on the right of the Federal Government to use technical data is sustained on final disposition—

(A) the restriction is cancelled; and

(B) if the asserted restriction is found not to be substantially justified, the contractor or subcontractor, as appropriate, is liable to the Federal Government for payment of the cost to the Federal Government of reviewing the asserted restriction and the fees and other expenses (as defined in section 2412(d)(2)(A) of title 28) incurred by the Federal Government in challenging the asserted restriction, unless special circumstances would make the payment unjust.

(2) CHALLENGE NOT SUSTAINED.—If the contracting officer's challenge to the restriction on the right of the Federal Government to use technical data is not sustained on final disposition, the Federal Government—

(A) continues to be bound by the restriction; and

(B) is liable for payment to the party asserting the restriction for fees and other expenses (as defined in section 2412(d)(2)(A) of title 28) incurred by the party asserting the restriction in defending the asserted restriction if the challenge by the Federal Government is found not to be made in good faith.

§ 4704. Prohibition of contractors limiting subcontractor sales directly to Federal Government

(a) CONTRACT RESTRICTIONS.—Each contract for the purchase of property or services made by an executive agency shall provide that the contractor will not—

(1) enter into an agreement with a subcontractor under the contract that has the effect of unreasonably restricting sales by the subcontractor directly to the Federal Government of any item or process (including computer software) made or furnished by the subcontractor under the contract (or any follow-on production contract); or

(2) otherwise act to restrict unreasonably the ability of a subcontractor to make sales described in paragraph (1) to the Federal Government.

(b) RIGHTS UNDER LAW PRESERVED.—This section does not prohibit a contractor from asserting rights it otherwise has under law.

(c) **INAPPLICABILITY TO CERTAIN CONTRACTS.**—This section does not apply to a contract for an amount that is not greater than the simplified acquisition threshold.

(d) **INAPPLICABILITY WHEN GOVERNMENT TREATED SIMILARLY TO OTHER PURCHASERS.**—An agreement between the contractor in a contract for the acquisition of commercial items and a subcontractor under the contract that restricts sales by the subcontractor directly to persons other than the contractor may not be considered to unreasonably restrict sales by that subcontractor to the Federal Government in violation of the provision included in the contract pursuant to subsection (a) if the agreement does not result in the Federal Government being treated differently with regard to the restriction than any other prospective purchaser of the commercial items from that subcontractor.

§ 4705. Protection of contractor employees from reprisal for disclosure of certain information

(a) **DEFINITIONS.**—In this section:

(1) **CONTRACT.**—The term “contract” means a contract awarded by the head of an executive agency.

(c) **INVESTIGATION OF COMPLAINTS.**—An individual who believes that the individual has been subjected to a reprisal prohibited by subsection (b) may submit a complaint to the Inspector General of the executive agency. Unless the Inspector General determines that the complaint is frivolous, the Inspector General shall investigate the complaint and, on completion of the investigation, submit a report of the findings of the investigation to the individual, the contractor concerned, and the head of the agency. If the executive agency does not have an Inspector General, the duties of the Inspector General under this section shall be performed by an official designated by the head of the executive agency.

(d) **REMEDY AND ENFORCEMENT AUTHORITY.**—

(1) **ACTIONS CONTRACTOR MAY BE ORDERED TO TAKE.**—If the head of an executive agency determines that a contractor has subjected an individual to a reprisal prohibited by subsection (b), the head of the executive agency may take one or more of the following actions:

(A) **ABATEMENT.**—Order the contractor to take affirmative action to abate the reprisal.

(B) **REINSTATEMENT.**—Order the contractor to reinstate the individual to the position that the individual held before the reprisal, together with the compensation (including back pay), employment benefits, and other terms and conditions of employment that would apply to the individual in that position if the reprisal had not been taken.

(C) **PAYMENT.**—Order the contractor to pay the complainant an amount equal to the aggregate amount of all costs

and expenses (including attorneys' fees and expert witnesses' fees) that the complainant reasonably incurred for, or in connection with, bringing the complaint regarding the reprisal, as determined by the head of the executive agency.

(2) **ENFORCEMENT ORDER.**—When a contractor fails to comply with an order issued under paragraph (1), the head of the executive agency shall file an action for enforcement of the order in the United States district court for a district in which the reprisal was found to have occurred. In an action brought under this paragraph, the court may grant appropriate relief, including injunctive relief and compensatory and exemplary damages.

(3) **REVIEW OF ENFORCEMENT ORDER.**—A person adversely affected or aggrieved by an order issued under paragraph (1) may obtain review of the order's conformance with this subsection, and regulations issued to carry out this section, in the United States court of appeals for a circuit in which the reprisal is alleged in the order to have occurred. A petition seeking review must be filed no more than 60 days after the head of the agency issues the order. Review shall conform to chapter 7 of title 5.

(e) **SCOPE OF SECTION.**—This section does not—

(1) authorize the discharge of, demotion of, or discrimination against an employee for a disclosure other than a disclosure protected by subsection (b); or

(2) modify or derogate from a right or remedy otherwise available to the employee.

§ 4706. Examination of facilities and records of contractor

(B) a subcontractor performing a cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable subcontract, or any combination of those subcontracts, under a contract referred to in subparagraph (A).

(2) **EXAMINATION OF RECORDS.**—The head of an executive agency, acting through an authorized representative, may, for the purpose of evaluating the accuracy, completeness, and currency of certified cost or pricing data required to be submitted pursuant to chapter 35 of this title with respect to a contract or subcontract, examine all records of the contractor or subcontractor related to—

App.) or, on request of the head of an executive agency, the Director of the Defense Contract Audit Agency (or any successor agency) of the Department of Defense or the Inspector General of the General Services Administration may require by subpoena the production of records of a contractor, access to which is provided for that executive agency by subsection (b).

(2) ENFORCEMENT OF SUBPOENA.—A subpoena under paragraph (1), in the case of contumacy or refusal to obey, is enforceable by order of an appropriate United States district court.

(3) AUTHORITY NOT DELEGABLE.—The authority provided by paragraph (1) may not be delegated.

(4) REPORT.—In the year following a year in which authority provided in paragraph (1) is exercised for an executive agency, the head of the executive agency shall submit to the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Oversight and Government Reform of the House of Representatives a report on the exercise of the authority during the preceding year and the reasons why the authority was exercised in any instance.

(d) AUTHORITY OF COMPTROLLER GENERAL.—

(1) IN GENERAL.—Except as provided in paragraph (2), each contract awarded after using procedures other than sealed bid procedures shall provide that the Comptroller General and representatives of the Comptroller General may examine records of the contractor, or any of its subcontractors, that directly pertain to, and involve transactions relating to, the contract or subcontract and to interview any current employee regarding the transactions.

(2) EXCEPTION FOR FOREIGN CONTRACTOR OR SUBCONTRACTOR.—Paragraph (1) does not apply to a contract or subcontract with a foreign contractor or foreign subcontractor if the executive agency concerned determines, with the concurrence of the Comptroller General or the designee of the Comptroller General, that applying paragraph (1) to the contract or subcontract would not be in the public interest. The concurrence of the Comptroller General or the designee is not required when—

(A) the contractor or subcontractor is—

(i) the government of a foreign country or an agency of that government; or

(ii) precluded by the laws of the country involved from making its records available for examination; and

(B) the executive agency determines, after taking into account the price and availability of the property and services from United States sources, that the public interest would be best served by not applying paragraph (1).

(3) ADDITIONAL RECORDS NOT REQUIRED.—Paragraph (1) does not require a contractor or subcontractor to create or maintain a record that the contractor or subcontractor does not maintain in the ordinary course of business or pursuant to another law.

(e) **LIMITATION ON AUDITS RELATING TO INDIRECT COSTS.**—An executive agency may not perform an audit of indirect costs under a contract, subcontract, or modification before or after entering into the contract, subcontract, or modification when the contracting officer determines that the objectives of the audit can reasonably be met by accepting the results of an audit that was conducted by another department or agency of the Federal Government within one year preceding the date of the contracting officer's determination.

(f) **EXPIRATION OF AUTHORITY.**—The authority of an executive agency under subsection (b) and the authority of the Comptroller General under subsection (d) shall expire 3 years after final payment under the contract or subcontract.

(g) **INAPPLICABILITY TO CERTAIN CONTRACTS.**—This section does not apply to the following contracts:

(1) Contracts for utility services at rates not exceeding those established to apply uniformly to the public, plus any applicable reasonable connection charge.

(2) **INDEXING SYSTEM MAINTAINED.**—The contractor or subcontractor maintains an effective indexing system to permit timely and convenient access to the imaged records.

(3) **ORIGINAL RECORDS RETAINED.**—The contractor or subcontractor retains the original records for a minimum of one year after imaging to permit periodic validation of the imaging systems.

§ 4707. Remission of liquidated damages

When a contract made on behalf of the Federal Government by the head of a Federal agency, or by an authorized officer of the agency, includes a provision for liquidated damages for delay, the Secretary of the Treasury on recommendation of the head of the agency may remit any part of the damages as the Secretary of the Treasury believes is just and equitable.

§ 4708. Payment of reimbursable indirect costs in cost-type research and development contracts with educational institutions

(a) **DEFINITION.**—In this section, the term “executive agency” has the same meaning given in section 133 of this title.

(b) **REGULATIONS.**—For executive agencies other than the Department of Defense, the Federal Acquisition Regulation shall—

(1) require contractors to minimize the excessive use of subcontractors, or of tiers of subcontractors, that add no or negligible value; and

(2) ensure that neither a contractor nor a subcontractor receives indirect costs or profit on work performed by a lower-tier subcontractor to which the higher-tier contractor or subcontractor adds no or negligible value (but not to limit charges for indirect costs and profit based on the direct costs of managing lower-tier subcontracts).

(c) **COVERED CONTRACTS.**—This section applies to any cost-reimbursement type contract or task or delivery order in an amount greater than the simplified acquisition threshold (as defined by section 134 of this title).

(d) **RULE OF CONSTRUCTION.**—Nothing in this section shall be construed as limiting the ability of the Department of Defense to implement more restrictive limitations on the tiering of subcontractors.

(c) **ELEMENTS.**—The regulations under subsection (b) shall—

(1) ensure that all new contracts using award fees link the fees to acquisition outcomes (which shall be defined in terms of program cost, schedule, and performance);

(2) establish standards for identifying the appropriate level of officials authorized to approve the use of award and incentive fees in new contracts;

(3) provide guidance on the circumstances in which contractor performance may be judged to be “excellent” or “superior” and the percentage of the available award fee which contractors should be paid for the performance;

(4) establish standards for determining the percentage of the available award fee, if any, which contractors should be paid for performance that is judged to be “acceptable”, “average”, “expected”, “good”, or “satisfactory”;

(5) ensure that no award fee may be paid for contractor performance that is judged to be below satisfactory performance or performance that does not meet the basic requirements of the contract;

(7) ensure consistent use of guidelines and definitions relating to award and incentive fees across the Federal Government;

(8) ensure that each executive agency—

A contract made by an agency of the United States for the manufacture or furnishing of materials, supplies, articles, or equipment, in an amount exceeding \$10,000, shall include the following representations and stipulations:

(1) **MINIMUM WAGES TO BE PAID.**—All individuals employed by the contractor in the manufacture or furnishing of materials, supplies, articles, or equipment under the contract will be paid, without subsequent deduction or rebate on any account, not less than the prevailing minimum wages, as determined by the Secretary, for individuals employed in similar work or in the particular or similar industries or groups of industries currently operating in the locality in which the materials, supplies, articles, or equipment are to be manufactured or furnished under the contract, except that this paragraph applies only to purchases or contracts relating to industries that have been the subject matter of a determination by the Secretary.

(2) **MAXIMUM NUMBER OF HOURS TO BE WORKED IN A WEEK.**—No individual employed by the contractor in the manufacture or furnishing of materials, supplies, articles, or equipment under the contract shall be permitted to work in excess of 40 hours in any one week, except that this paragraph does not apply to an employer who has entered into an agreement with employees pursuant to paragraph (1) or (2) of section 7(b) of the Fair Labor Standards Act of 1938 (29 U.S.C. 207(b)(1) or (2)).

(3) **INELIGIBLE EMPLOYEES.**—No individual under 16 years of age and no incarcerated individual will be employed by the contractor in the manufacture or furnishing of materials, supplies, articles, or equipment under the contract, except that this section, or other law or executive order containing similar prohibitions against the purchase of goods by the Federal Government, does not apply to convict labor that satisfies the conditions of section 1761(c) of title 18.

(e) **EMPLOYEE REIMBURSEMENT FOR UNDERPAYMENT OF WAGES.**—An amount withheld or recovered under subsection (d) that is based on an underpayment of wages as described in subsection (b)(2) shall be held in a special deposit account. On order of the Secretary, the amount shall be paid directly to the underpaid employee on whose account the amount was withheld or recovered. However, an employee's claim for payment under this subsection may be entertained only if made within one year from the date of actual notice to the contractor of the withholding or recovery.

§ 6504. Three-year prohibition on new contracts in case of breach or violation

The court may issue an order requiring the person to obey the order issued under subsection (c), and the court may punish any further refusal or failure as contempt of court.

§ 6508. Authority to make exceptions

(a) **DUTY OF THE SECRETARY TO MAKE EXCEPTIONS.**—When the head of an agency of the United States makes a written finding that the inclusion of representations or stipulations under section 6502 of this title in a proposal or contract will seriously impair the conduct of Federal Government business, the Secretary shall make exceptions, in specific cases or otherwise, when justice or the public interest will be served.

(b) **AUTHORITY OF THE SECRETARY TO MODIFY EXISTING CONTRACTS.**—When an agency of the United States and a contractor jointly recommend, the Secretary may modify the terms of an existing contract with respect to minimum wages and maximum hours of labor as the Secretary finds necessary and proper in the public interest or to prevent injustice and undue hardship.

(c) **AUTHORITY OF THE SECRETARY TO ALLOW LIMITATIONS, VARIATIONS, TOLERANCES, AND EXEMPTIONS.**—The Secretary may provide reasonable limitations and may prescribe regulations to allow reasonable variations, tolerances, and exemptions in the application of this chapter to contractors, including with respect to minimum wages and maximum hours of labor.

§ 6704. Limitation on minimum wage

(a) **IN GENERAL.**—A contractor that makes a contract with the Federal Government, the principal purpose of which is to furnish

services through the use of service employees, and any subcontractor, may not pay less than the minimum wage specified under section 6(a)(1) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(a)(1)) to an employee engaged in performing work on the contract.

(b) VIOLATIONS.—Sections 6705 to 6707(d) of this title are applicable to a violation of this section.

§ 6705. Violations

(a) LIABILITY OF RESPONSIBLE PARTY.—A party responsible for a violation of a contract provision required under section 6703(1) or (2) of this title or a violation of section 6704 of this title is liable for an amount equal to the sum of any deduction, rebate, refund, or underpayment of compensation due any employee engaged in the performance of the contract.

(b) RECOVERY OF AMOUNTS UNDERPAID TO EMPLOYEES.—

(1) WITHHOLDING ACCRUED PAYMENTS DUE ON CONTRACTS.—

The total amount determined under subsection (a) to be due any employee engaged in the performance of a contract may be withheld from accrued payments due on the contract or on any other contract between the same contractor and the Federal Government. The amount withheld shall be held in a deposit fund. On order of the Secretary, the compensation found by the Secretary or the head of a Federal agency to be due an underpaid employee pursuant to this chapter shall be paid from the deposit fund directly to the underpaid employee.

(2) BRINGING ACTIONS AGAINST CONTRACTORS.—If the accrued payments withheld under the terms of the contract are insufficient to reimburse a service employee with respect to whom there has been a failure to pay the compensation required pursuant to this chapter, the Federal Government may bring action against the contractor, subcontractor, or any sureties in any court of competent jurisdiction to recover the remaining amount of underpayment. Any amount recovered shall be held in the deposit fund and shall be paid, on order of the Secretary, directly to the underpaid employee. Any amount not paid to an employee because of inability to do so within 3 years shall be covered into the Treasury as miscellaneous receipts.

(c) CANCELLATION AND ALTERNATIVE COMPLETION.—In addition to other actions in accordance with this section, when a violation of any contract stipulation is found, the Federal agency that made the contract may cancel the contract on written notice to the original contractor. The Federal Government may then make other contracts or arrangements for the completion of the original contract, charging any additional cost to the original contractor.

(d) ENFORCEMENT OF SECTION.—In accordance with regulations prescribed pursuant to section 6707(a)–(d) of this title, the Secretary or the head of a Federal agency may carry out this section.

§ 6706. Three-year prohibition on new contracts in case of violation

(a) DISTRIBUTION OF LIST.—The Comptroller General shall distribute to each agency of the Federal Government a list containing the names of persons or firms that a Federal agency or the Secretary has found to have violated this chapter.

(b) THREE-YEAR PROHIBITION.—Unless the Secretary recommends otherwise because of unusual circumstances, a Federal Government

contract may not be awarded to a person or firm named on the list under subsection (a), or to an entity in which the person or firm has a substantial interest, until 3 years have elapsed from the date of publication of the list. If the Secretary does not recommend otherwise because of unusual circumstances, the Secretary shall, not later than 90 days after a hearing examiner has made a finding of a violation of this chapter, forward to the Comptroller General the name of the person or firm found to have violated this chapter.

§ 6707. Enforcement and administration of chapter

(a) **ENFORCEMENT OF CHAPTER.**—Sections 6506 and 6507 of this title govern the Secretary's authority to enforce this chapter, including the Secretary's authority to prescribe regulations, issue orders, hold hearings, make decisions based on findings of fact, and take other appropriate action under this chapter.

(b) **LIMITATIONS AND REGULATIONS FOR VARIATIONS, TOLERANCES, AND EXEMPTIONS.**—The Secretary may provide reasonable limitations and may prescribe regulations allowing reasonable variation, tolerances, and exemptions with respect to this chapter (other than subsection (f)), but only in special circumstances where the Secretary determines that the limitation, variation, tolerance, or exemption is necessary and proper in the public interest or to avoid the serious impairment of Federal Government business, and is in accord with the remedial purpose of this chapter to protect prevailing labor standards.

(c) **PRESERVATION OF WAGES AND BENEFITS DUE UNDER PREDECESSOR CONTRACTS.**—

(1) **IN GENERAL.**—Under a contract which succeeds a contract subject to this chapter, and under which substantially the same services are furnished, a contractor or subcontractor may not pay a service employee less than the wages and fringe benefits the service employee would have received under the predecessor contract, including accrued wages and fringe benefits and any prospective increases in wages and fringe benefits provided for in a collective-bargaining agreement as a result of arm's-length negotiations.

(2) **EXCEPTION.**—This subsection does not apply if the Secretary finds after a hearing in accordance with regulations adopted by the Secretary that wages and fringe benefits under the predecessor contract are substantially at variance with wages and fringe benefits prevailing in the same locality for services of a similar character.

(d) **DURATION OF CONTRACTS.**—Subject to limitations in annual appropriation acts but notwithstanding any other law, a contract to which this chapter applies may, if authorized by the Secretary, be for any term of years not exceeding 5, if the contract provides for periodic adjustment of wages and fringe benefits pursuant to future determinations, issued in the manner prescribed in section 6703 of this title at least once every 2 years during the term of the contract, covering each class of service employee.

(e) **EXCLUSION OF FRINGE BENEFIT PAYMENTS IN DETERMINING OVERTIME PAY.**—In determining any overtime pay to which a service employee is entitled under Federal law, the regular or basic hourly rate of pay of the service employee does not include any fringe benefit payments computed under this chapter which are excluded from the definition of "regular rate" under section 7(e) of the Fair Labor Standards Act of 1938 (29 U.S.C. 207(e)).

(f) **TIMELINESS OF WAGE AND FRINGE BENEFIT DETERMINATIONS.**—It is the intent of Congress that determinations of minimum wages and fringe benefits under section 6703(1) and (2) of this title should be made as soon as administratively feasible for all contracts subject to this chapter. In any event, the Secretary shall at least make the determinations for contracts under which more than 5 service employees are to be employed.

§ 7103. Decision by contracting officer

(a) **CLAIMS GENERALLY.**—

(4) **TIME FOR SUBMITTING CLAIMS.**—

(A) **IN GENERAL.**—Each claim by a contractor against the Federal Government relating to a contract and each claim by the Federal Government against a contractor relating to a contract shall be submitted within 6 years after the accrual of the claim.

(B) **EXCEPTION.**—Subparagraph (A) of this paragraph does not apply to a claim by the Federal Government against a contractor that is based on a claim by the contractor involving fraud.

(5) **APPLICABILITY.**—The authority of this subsection and subsections (c)(1), (d), and (e) does not extend to a claim or dispute for penalties or forfeitures prescribed by statute or regulation that another Federal agency is specifically authorized to administer, settle, or determine.

(b) **CERTIFICATION OF CLAIMS.**—

(1) **REQUIREMENT GENERALLY.**—For claims of more than \$100,000 made by a contractor, the contractor shall certify that—

(A) the claim is made in good faith;

(B) the supporting data are accurate and complete to the best of the contractor's knowledge and belief;

(C) the amount requested accurately reflects the contract adjustment for which the contractor believes the Federal Government is liable; and

(D) the certifier is authorized to certify the claim on behalf of the contractor.

(2) **WHO MAY EXECUTE CERTIFICATION.**—The certification required by paragraph (1) may be executed by an individual authorized to bind the contractor with respect to the claim.

(3) **FAILURE TO CERTIFY OR DEFECTIVE CERTIFICATION.**—A contracting officer is not obligated to render a final decision on a claim of more than \$100,000 that is not certified in accordance with paragraph (1) if, within 60 days after receipt of the claim, the contracting officer notifies the contractor in writing of the reasons why any attempted certification was found to be defective. A defect in the certification of a claim does not deprive a court or an agency board of jurisdiction over the claim. Prior to the entry of a final judgment by a court or a decision by an agency board, the court or agency board shall require a defective certification to be corrected.

(c) **FRAUDULENT CLAIMS.**—

(1) **NO AUTHORITY TO SETTLE.**—This section does not authorize an agency head to settle, compromise, pay, or otherwise adjust any claim involving fraud.

(2) **LIABILITY OF CONTRACTOR.**—If a contractor is unable to support any part of the contractor's claim and it is determined that the inability is attributable to a misrepresentation of fact or fraud by the contractor, then the contractor is liable to

the Federal Government for an amount equal to the unsupported part of the claim plus all of the Federal Government's costs attributable to reviewing the unsupported part of the claim. Liability under this paragraph shall be determined within 6 years of the commission of the misrepresentation of fact or fraud.

(1) **CLAIM OF \$100,000 OR LESS.**—A contracting officer shall issue a decision on any submitted claim of \$100,000 or less within 60 days from the contracting officer's receipt of a written request from the contractor that a decision be rendered within that period.

(4) **REQUESTING TRIBUNAL TO DIRECT ISSUANCE WITHIN SPECIFIED TIME PERIOD.**—A contractor may request the tribunal concerned to direct a contracting officer to issue a decision in a specified period of time, as determined by the tribunal concerned, in the event of undue delay on the part of the contracting officer.

(5) **FAILURE TO ISSUE DECISION WITHIN REQUIRED TIME PERIOD.**—Failure by a contracting officer to issue a decision on a claim within the required time period is deemed to be a decision by the contracting officer denying the claim and authorizes an appeal or action on the claim as otherwise provided in this chapter. However, the tribunal concerned may, at its option, stay the proceedings of the appeal or action to obtain a decision by the contracting officer.

(g) **FINALITY OF DECISION UNLESS APPEALED.**—The contracting officer's decision on a claim is final and conclusive and is not subject to review by any forum, tribunal, or Federal Government agency, unless an appeal or action is timely commenced as authorized by this chapter. This chapter does not prohibit an executive agency from including a clause in a Federal Government contract requiring that, pending final decision of an appeal, action, or final settlement, a contractor shall proceed diligently with performance of the contract in accordance with the contracting officer's decision.

(h) **ALTERNATIVE MEANS OF DISPUTE RESOLUTION.**—

(1) **IN GENERAL.**—Notwithstanding any other provision of this chapter, a contractor and a contracting officer may use any

alternative means of dispute resolution under subchapter IV of chapter 5 of title 5, or other mutually agreeable procedures, for resolving claims. All provisions of subchapter IV of chapter 5 of title 5 apply to alternative means of dispute resolution under this subsection.

(2) **CERTIFICATION OF CLAIM.**—The contractor shall certify the claim when required to do so under subsection (b)(1) or other law.

(3) **REJECTING REQUEST FOR ALTERNATIVE DISPUTE RESOLUTION.**—

(A) **CONTRACTING OFFICER.**—A contracting officer who rejects a contractor's request for alternative dispute resolution proceedings shall provide the contractor with a written explanation, citing one or more of the conditions in section 572(b) of title 5 or other specific reasons that alternative dispute resolution procedures are inappropriate.

(B) **CONTRACTOR.**—A contractor that rejects an agency's request for alternative dispute resolution proceedings shall inform the agency in writing of the contractor's specific reasons for rejecting the request.

§ 7104. Contractor's right of appeal from decision by contracting officer

(b) **BRINGING AN ACTION DE NOVO IN FEDERAL COURT.**—

(1) **IN GENERAL.**—Except as provided in paragraph (2), and in lieu of appealing the decision of a contracting officer under section 7103 of this title to an agency board, a contractor may bring an action directly on the claim in the United States Court of Federal Claims, notwithstanding any contract provision, regulation, or rule of law to the contrary.

(2) **TENNESSEE VALLEY AUTHORITY.**—In the case of an action against the Tennessee Valley Authority, the contractor may only bring an action directly on the claim in a district court of the United States pursuant to section 1337 of title 28, notwithstanding any contract provision, regulation, or rule of law to the contrary.

(a) **ARMED SERVICES BOARD.**—

(1) **ESTABLISHMENT.**—An Armed Services Board of Contract Appeals may be established within the Department of Defense when the Secretary of Defense, after consultation with the Administrator, determines from a workload study that the volume of contract claims justifies the establishment of a full-time agency board of at least 3 members who shall have no other inconsistent duties. Workload studies will be updated at least once every 3 years and submitted to the Administrator.

(2) APPOINTMENT OF MEMBERS AND COMPENSATION.—Members of the Armed Services Board shall be selected and appointed in the same manner as administrative law judges appointed pursuant to section 3105 of title 5, with an additional requirement that members must have had at least 5 years of experience in public contract law. The Administrator of General Services shall appoint a member without regard to political affiliation and solely on the basis of the professional qualifications required to perform the duties and responsibilities of a Civilian Board member.

(B) APPOINTMENT OF MEMBERS AND COMPENSATION.—Members of the Civilian Board shall be selected and appointed to serve in the same manner as administrative law judges appointed pursuant to section 3105 of title 5, with an additional requirement that members must have had at least 5 years experience in public contract law. Compensation for the members shall be determined under section 5372a of title 5.

(4) FUNCTIONS.—

(A) IN GENERAL.—The Civilian Board has jurisdiction as provided by subsection (e)(1)(B).

(B) ADDITIONAL JURISDICTION.—With the concurrence of the Federal agencies affected, the Civilian Board may assume—

(i) jurisdiction over any additional category of laws or disputes over which an agency board of contract appeals established pursuant to section 8 of the Contract Disputes Act exercised jurisdiction before January 6, 2007; and

(ii) any other function the agency board performed before January 6, 2007, on behalf of those agencies.

(c) TENNESSEE VALLEY AUTHORITY BOARD.—

(1) ESTABLISHMENT.—The Board of Directors of the Tennessee Valley Authority may establish a board of contract appeals of the Tennessee Valley Authority of an indeterminate number of members.

(2) APPOINTMENT OF MEMBERS AND COMPENSATION.—The Board of Directors of the Tennessee Valley Authority shall establish criteria for the appointment of members to the agency board established under paragraph (1), and shall designate a chairman of the agency board. The chairman and other members of the agency board shall receive compensation, at the daily equivalent of the rates determined under section 5372a of title 5, for each day they are engaged in the actual performance of their duties as members of the agency board.

(d) POSTAL SERVICE BOARD.—

(1) ESTABLISHMENT.—There is established an agency board of contract appeals known as the Postal Service Board of Contract Appeals.

(A) ARMED SERVICES BOARD.—The Armed Services Board has jurisdiction to decide any appeal from a decision of a contracting officer of the Department of Defense, the Department of the Army, the Department of the Navy, the Department of the Air Force, or the National Aeronautics and Space Administration relative to a contract made by that department or agency.

(B) CIVILIAN BOARD.—The Civilian Board has jurisdiction to decide any appeal from a decision of a contracting officer of any executive agency (other than the Department of Defense, the Department of the Army, the Department of the Navy, the Department of the Air Force, the National Aeronautics and Space Administration, the United States Postal Service, the Postal Regulatory Commission, or the Tennessee Valley Authority) relative to a contract made by that agency.

(C) POSTAL SERVICE BOARD.—The Postal Service Board of Contract Appeals has jurisdiction to decide any appeal from a decision of a contracting officer of the United States Postal Service or the Postal Regulatory Commission relative to a contract made by either agency.

(D) OTHER AGENCY BOARDS.—Each other agency board has jurisdiction to decide any appeal from a decision of a contracting officer relative to a contract made by its agency.

(2) RELIEF.—In exercising this jurisdiction, an agency board may grant any relief that would be available to a litigant asserting a contract claim in the United States Court of Federal Claims.

(f) SUBPOENA, DISCOVERY, AND DEPOSITION.—A member of an agency board of contract appeals may administer oaths to witnesses, authorize depositions and discovery proceedings, and require by subpoena the attendance of witnesses, and production of books and papers, for the taking of testimony or evidence by deposition

or in the hearing of an appeal by the agency board. In case of contumacy or refusal to obey a subpoena by a person who resides, is found, or transacts business within the jurisdiction of a United States district court, the court, upon application of the agency board through the Attorney General, or upon application by the board of contract appeals of the Tennessee Valley Authority, shall have jurisdiction to issue the person an order requiring the person to appear before the agency board or a member of the agency board, to produce evidence or to give testimony, or both. Any failure of the person to obey the order of the court may be punished by the court as contempt of court.

(g) DECISIONS.—An agency board shall—

(1) to the fullest extent practicable provide informal, expeditious, and inexpensive resolution of disputes;

(2) issue a decision in writing or take other appropriate action on each appeal submitted; and

(3) mail or otherwise furnish a copy of the decision to the contractor and the contracting officer.

The small claims procedure is applicable at the sole election of the contractor.

(2) SIMPLIFIED RULES OF PROCEDURE.—The small claims procedure shall provide for simplified rules of procedure to facilitate the decision of any appeal. An appeal under the small claims procedure may be decided by a single member of the agency board with such concurrences as may be provided by rule or regulation.

(3) TIME OF DECISION.—An appeal under the small claims procedure shall be resolved, whenever possible, within 120 days from the date the contractor elects to use the procedure.

(4) FINALITY OF DECISION.—A decision against the Federal Government or against the contractor reached under the small claims procedure is final and conclusive and may not be set aside except in cases of fraud.

(5) NO PRECEDENT.—Administrative determinations and final decisions under this subsection have no value as precedent for future cases under this chapter.

(6) REVIEW OF REQUISITE AMOUNTS IN CONTROVERSY.—The Administrator, from time to time, may review the dollar amounts specified in paragraph (1) and adjust the amounts

in accordance with economic indexes selected by the Administrator.

§ 7107. Judicial review of agency board decisions

(a) REVIEW.—

(1) IN GENERAL.—The decision of an agency board is final, except that—

(A) a contractor may appeal the decision to the United States Court of Appeals for the Federal Circuit within 120 days from the date the contractor receives a copy of the decision; or

(B) if an agency head determines that an appeal should be taken, the agency head, with the prior approval of the Attorney General, may transmit the decision to the United States Court of Appeals for the Federal Circuit for judicial review under section 1295 of title 28, within 120 days from the date the agency receives a copy of the decision.

(C) not supported by substantial evidence.

(c) REMAND.—In an appeal by a contractor or the Federal Government from the decision of an agency board pursuant to subsection (a), the court may render an opinion and judgment and remand the case for further action by the agency board or by the executive agency as appropriate, with direction the court considers just and proper.

(d) CONSOLIDATION.—If 2 or more actions arising from one contract are filed in the United States Court of Federal Claims and one or more agency boards, for the convenience of parties or witnesses or in the interest of justice, the United States Court of

Federal Claims may order the consolidation of the actions in that court or transfer any actions to or among the agency boards involved.

(e) **JUDGMENTS AS TO FEWER THAN ALL CLAIMS OR PARTIES.**—In an action filed pursuant to this chapter involving 2 or more claims, counterclaims, cross-claims, or third-party claims, and where a portion of one of the claims can be divided for purposes of decision or judgment, and in any action where multiple parties are involved, the court, whenever appropriate, may enter a judgment as to one or more but fewer than all of the claims or portions of claims or parties.

(f) **ADVISORY OPINIONS.**—

(1) **IN GENERAL.**—Whenever an action involving an issue described in paragraph (2) is pending in a district court of the United States, the district court may request an agency board to provide the court with an advisory opinion on the matters of contract interpretation under consideration.

(2) **APPLICABLE ISSUE.**—An issue referred to in paragraph (1) is any issue that could be the proper subject of a final decision of a contracting officer appealable under this chapter.

(3) **REFERRAL TO AGENCY BOARD WITH JURISDICTION.**—A district court shall direct a request under paragraph (1) to the agency board having jurisdiction under this chapter to adjudicate appeals of contract claims under the contract being interpreted by the court.

(c) **REIMBURSEMENT.**—Payments made pursuant to subsections (a) and (b) shall be reimbursed to the fund provided by section 1304 of title 31 by the agency whose appropriations were used for the contract out of available amounts or by obtaining additional appropriations for purposes of reimbursement.

(d) **TENNESSEE VALLEY AUTHORITY.**—

(1) **JUDGMENTS.**—Notwithstanding subsections (a) to (c), any judgment against the Tennessee Valley Authority on a claim under this chapter shall be paid promptly in accordance with section 9(b) of the Tennessee Valley Authority Act of 1933 (16 U.S.C. 831h(b)).

(2) **MONETARY AWARDS.**—Notwithstanding subsections (a) to (c), any monetary award to a contractor by the board of contract appeals of the Tennessee Valley Authority shall be paid in accordance with section 9(b) of the Tennessee Valley Authority Act of 1933 (16 U.S.C. 831h(b)).

§ 7109. Interest

(a) **PERIOD.**—

(1) **IN GENERAL.**—Interest on an amount found due a contractor on a claim shall be paid to the contractor for the

period beginning with the date the contracting officer receives the contractor's claim, pursuant to section 7103(a) of this title, until the date of payment of the claim.

(2) **DEFECTIVE CERTIFICATION.**—On a claim for which the certification under section 7103(b)(1) of this title is found to be defective, any interest due under this section shall be paid for the period beginning with the date the contracting officer initially receives the contractor's claim until the date of payment of the claim.

111th Congress

An Act

To amend the Robert T. Stafford Disaster Relief and Emergency Assistance Act to reauthorize the pre-disaster mitigation program of the Federal Emergency Management Agency.

Jan. 4, 2011
[H.R. 1746]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Predisaster Hazard Mitigation Act of 2010”.

Predisaster
Hazard
Mitigation Act of
2010.
42 USC 5121
note.

SEC. 2. FINDINGS.

Congress finds the following:

42 USC 5133
note.

(1) The predisaster hazard mitigation program has been successful and cost-effective. Funding from the predisaster hazard mitigation program has successfully reduced loss of life, personal injuries, damage to and destruction of property, and disruption of communities from disasters.

(2) The predisaster hazard mitigation program has saved Federal taxpayers from spending significant sums on disaster recovery and relief that would have been otherwise incurred had communities not successfully applied mitigation techniques.

(3) A 2007 Congressional Budget Office report found that the predisaster hazard mitigation program reduced losses by roughly \$3 (measured in 2007 dollars) for each dollar invested in mitigation efforts funded under the predisaster hazard mitigation program. Moreover, the Congressional Budget Office found that projects funded under the predisaster hazard mitigation program could lower the need for post-disaster assistance from the Federal Government so that the predisaster hazard mitigation investment by the Federal Government would actually save taxpayer funds.

(4) A 2005 report by the Multihazard Mitigation Council showed substantial benefits and cost savings from the hazard mitigation programs of the Federal Emergency Management Agency generally. Looking at a range of hazard mitigation programs of the Federal Emergency Management Agency, the study found that, on average, \$1 invested by the Federal Emergency Management Agency in hazard mitigation provided the Nation with roughly \$4 in benefits. Moreover, the report projected that the mitigation grants awarded between 1993 and 2003 would save more than 220 lives and prevent nearly 4,700 injuries over approximately 50 years.

(5) Given the substantial savings generated from the predisaster hazard mitigation program in the years following the provision of assistance under the program, increasing funds appropriated for the program would be a wise investment.

SEC. 3. PREDISASTER HAZARD MITIGATION.

(a) ALLOCATION OF FUNDS.—Section 203(f) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5133(f)) is amended to read as follows:

(c) **PRODUCT TRACING SYSTEM.**—The Secretary, in consultation with the Secretary of Agriculture, shall, as appropriate, establish within the Food and Drug Administration a product tracing system to receive information that improves the capacity of the Secretary to effectively and rapidly track and trace food that is in the United States or offered for import into the United States. Prior to the establishment of such product tracing system, the Secretary shall examine the results of applicable pilot projects and shall ensure that the activities of such system are adequately supported by the results of such pilot projects.

(d) **ADDITIONAL RECORDKEEPING REQUIREMENTS FOR HIGH RISK FOODS.**—

(A) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, and thereafter as the Secretary determines necessary, the Secretary shall designate high-risk foods for which the additional recordkeeping requirements described in paragraph (1) are appropriate and necessary to protect the public health. Each such designation shall be based on—

(i) the known safety risks of a particular food, including the history and severity of foodborne illness outbreaks attributed to such food, taking into consideration foodborne illness data collected by the Centers for Disease Control and Prevention;

(ii) the likelihood that a particular food has a high potential risk for microbiological or chemical contamination or would support the growth of pathogenic microorganisms due to the nature of the food or the processes used to produce such food;

(iii) the point in the manufacturing process of the food where contamination is most likely to occur;

(iv) the likelihood of contamination and steps taken during the manufacturing process to reduce the possibility of contamination;

(v) the likelihood that consuming a particular food will result in a foodborne illness due to contamination of the food; and

(vi) the likely or known severity, including health and economic impacts, of a foodborne illness attributed to a particular food.

(B) LIST OF HIGH-RISK FOODS.—At the time the Secretary promulgates the final rules under paragraph (1), the Secretary shall publish the list of the foods designated under subparagraph (A) as high-risk foods on the Internet website of the Food and Drug Administration. (5) RETENTION OF RECORDS.—Except as otherwise provided in this subsection, the Secretary may require that a facility retain records under this subsection for not more than 2 years, taking into consideration the risk of spoilage, loss of value, or loss of palatability of the applicable food when determining the appropriate timeframes.

(6) LIMITATIONS.—

(A) FARM TO SCHOOL PROGRAMS.—In establishing requirements under this subsection, the Secretary shall, in consultation with the Secretary of Agriculture, consider the impact of requirements on farm to school or farm to institution programs of the Department of Agriculture and other farm to school and farm to institution programs outside such agency, and shall modify the requirements under this subsection, as appropriate, with respect to such programs so that the requirements do not place undue burdens on farm to school or farm to institution programs.

(B) IDENTITY-PRESERVED LABELS WITH RESPECT TO FARM SALES OF FOOD THAT IS PRODUCED AND PACKAGED ON A FARM.—The requirements under this subsection shall not apply to a food that is produced and packaged on a farm if—

(i) the packaging of the food maintains the integrity of the product and prevents subsequent contamination or alteration of the product; and

(ii) the labeling of the food includes the name, complete address (street address, town, State, country, and zip or other postal code), and business phone number of the farm, unless the Secretary waives the requirement to include a business phone number of the farm, as appropriate, in order to accommodate a religious belief of the individual in charge of such farm.

(C) FISHING VESSELS.—The requirements under this subsection with respect to a food that is produced through the use of a fishing vessel (as defined in section 3(18) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1802(18))) shall be limited to the requirements under subparagraph (F) until such time as the food is sold by the owner, operator, or agent in charge of such fishing vessel.

(D) COMMINGLED RAW AGRICULTURAL COMMODITIES.—

(i) LIMITATION ON EXTENT OF TRACING.—Record-keeping requirements under this subsection with regard to any commingled raw agricultural commodity shall be limited to the requirements under subparagraph (F).

(ii) DEFINITIONS.—For the purposes of this subparagraph—

(I) the term “commingled raw agricultural commodity” means any commodity that is combined or mixed after harvesting, but before processing;

(II) the term “commingled raw agricultural commodity” shall not include types of fruits and vegetables that are raw agricultural commodities for which the Secretary has determined that standards promulgated under section 419 of the Federal Food, Drug, and Cosmetic Act (as added by section 105) would minimize the risk of serious adverse health consequences or death; and

(III) the term “processing” means operations that alter the general state of the commodity, such as canning, cooking, freezing, dehydration, milling, grinding, pasteurization, or homogenization.

(E) EXEMPTION OF OTHER FOODS.—The Secretary may, by notice in the Federal Register, modify the requirements under this subsection with respect to, or exempt a food or a type of facility from, the requirements of this subsection (other than the requirements under subparagraph (F), if applicable) if the Secretary determines that product tracing requirements for such food (such as bulk or commingled ingredients that are intended to be processed to destroy pathogens) or type of facility is not necessary to protect the public health.

(F) RECORDKEEPING REGARDING PREVIOUS SOURCES AND SUBSEQUENT RECIPIENTS.—In the case of a person or food to which a limitation or exemption under subparagraph (C), (D), or (E) applies, if such person, or a person who

manufactures, processes, packs, or holds such food, is required to register with the Secretary under section 415 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 350d) with respect to the manufacturing, processing, packing, or holding of the applicable food, the Secretary shall require such person to maintain records that identify the immediate previous source of such food and the immediate subsequent recipient of such food.

(G) GROCERY STORES.—With respect to a sale of a food described in subparagraph (H) to a grocery store, the Secretary shall not require such grocery store to maintain records under this subsection other than records documenting the farm that was the source of such food. The Secretary shall not require that such records be kept for more than 180 days. Time period.

(H) FARM SALES TO CONSUMERS.—The Secretary shall not require a farm to maintain any distribution records under this subsection with respect to a sale of a food described in subparagraph (I) (including a sale of a food that is produced and packaged on such farm), if such sale is made by the farm directly to a consumer.

(I) SALE OF A FOOD.—A sale of a food described in this subparagraph is a sale of a food in which—

- (i) the food is produced on a farm; and
- (ii) the sale is made by the owner, operator, or agent in charge of such farm directly to a consumer or grocery store.

(7) NO IMPACT ON NON-HIGH-RISK FOODS.—The record-keeping requirements established under paragraph (1) shall have no effect on foods that are not designated by the Secretary under paragraph (2) as high-risk foods. Foods described in the preceding sentence shall be subject solely to the record-keeping requirements under section 414 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 350c) and subpart J of part 1 of title 21, Code of Federal Regulations (or any successor regulations).

(e) EVALUATION AND RECOMMENDATIONS.—

(1) REPORT.—Not later than 1 year after the effective date of the final rule promulgated under subsection (d)(1), the Comptroller General of the United States shall submit to Congress a report, taking into consideration the costs of compliance and other regulatory burdens on small businesses and Federal, State, and local food safety practices and requirements, that evaluates the public health benefits and risks, if any, of limiting—

(A) the product tracing requirements under subsection (d) to foods identified under paragraph (2) of such subsection, including whether such requirements provide adequate assurance of traceability in the event of intentional adulteration, including by acts of terrorism; and

(B) the participation of restaurants in the record-keeping requirements.

(2) DETERMINATION AND RECOMMENDATIONS.—In conducting the evaluation and report under paragraph (1), if the Comptroller General of the United States determines that the limitations described in such paragraph do not adequately protect the public health, the Comptroller General shall submit

to Congress recommendations, if appropriate, regarding record-keeping requirements for restaurants and additional foods, in order to protect the public health.

(f) FARMS.—

(1) REQUEST FOR INFORMATION.—Notwithstanding subsection (d), during an active investigation of a foodborne illness outbreak, or if the Secretary determines it is necessary to protect the public health and prevent or mitigate a foodborne illness outbreak, the Secretary, in consultation and coordination with State and local agencies responsible for food safety, as appropriate, may request that the owner, operator, or agent of a farm identify potential immediate recipients, other than consumers, of an article of the food that is the subject of such investigation if the Secretary reasonably believes such article of food—

(A) is adulterated under section 402 of the Federal Food, Drug, and Cosmetic Act;

(B) presents a threat of serious adverse health consequences or death to humans or animals; and

(C) was adulterated as described in subparagraph (A) on a particular farm (as defined in section 1.227 of chapter 21, Code of Federal Regulations (or any successor regulation)).

Notice.

SEC. 517. EXPERIMENTAL PROGRAM TO STIMULATE COMPETITIVE RESEARCH. 42 USC 1862p–9.

(a) FINDINGS.—The Congress finds that—

(1) The National Science Foundation Act of 1950 stated, “it shall be an objective of the Foundation to strengthen research and education in the sciences and engineering, including independent research by individuals, throughout the United States, and to avoid undue concentration of such research and education,”;

(2) National Science Foundation funding remains highly concentrated, with 27 States and 2 jurisdictions, taken together, receiving only about 10 percent of all NSF research funding; each of these States received only a fraction of one percent of Foundation’s research dollars each year;

(3) the Nation requires the talent, expertise, and research capabilities of all States in order to prepare sufficient numbers of scientists and engineers, remain globally competitive and support economic development.

(b) CONTINUATION OF PROGRAM.—The Director shall continue to carry out EPSCoR, with the objective of helping the eligible States to develop the research infrastructure that will make them more competitive for Foundation and other Federal research funding. The program shall continue to increase as the National Science Foundation funding increases.

(c) CONGRESSIONAL REPORTS.—The Director shall report to the appropriate committees of Congress on an annual basis, using the most recent available data—

(1) the total amount made available, by State, under EPSCoR;

(2) the amount of co-funding made available to EPSCoR States;

(3) the total amount of National Science Foundation funding made available to all institutions and entities within EPSCoR States; and

(4) efforts and accomplishments to more fully integrate the 29 EPSCoR jurisdictions in major activities and initiatives of the Foundation.

(d) COORDINATION OF EPSCoR AND SIMILAR FEDERAL PROGRAMS.—

(1) ANOTHER FINDING.—The Congress finds that a number of Federal agencies have programs, such as Experimental Programs to Stimulate Competitive Research and the National Institutes of Health Institutional Development Award program, designed to increase the capacity for and quality of science and technology research and training at academic institutions in States that historically have received relatively little Federal research and development funding.

(2) COORDINATION REQUIRED.—The EPSCoR Interagency Coordinating Committee, chaired by the National Science Foundation, shall—

(A) coordinate EPSCoR and Federal EPSCoR-like programs to maximize the impact of Federal support for

building competitive research infrastructure, and in order to achieve an integrated Federal effort;

(B) coordinate agency objectives with State and institutional goals, to obtain continued non-Federal support of science and technology research and training;

(C) develop metrics to assess gains in academic research quality and competitiveness, and in science and technology human resource development;

(D) conduct a cross-agency evaluation of EPSCoR and other Federal EPSCoR-like programs and accomplishments, including management, investment, and metric-measuring strategies implemented by the different agencies aimed to increase the number of new investigators receiving peer-reviewed funding, broaden participation, and empower knowledge generation, dissemination, application, and national research and development competitiveness;

(E) coordinate the development and implementation of new, novel workshops, outreach activities, and follow-up mentoring activities among EPSCoR or EPSCoR-like programs for colleges and universities in EPSCoR States and territories in order to increase the number of proposals submitted and successfully funded and to enhance state-wide coordination of EPSCoR and Federal EPSCoR-like programs;

(F) coordinate the development of new, innovative solicitations and programs to facilitate collaborations, partnerships, and mentoring activities among faculty at all levels in non-EPSCoR and EPSCoR States and jurisdictions;

(G) conduct an evaluation of the roles, responsibilities and degree of autonomy that program officers or managers (or the equivalent position) have in executing EPSCoR programs at the different Federal agencies and the impacts these differences have on the number of EPSCoR State and jurisdiction faculty participating in the peer review process and the percentage of successful awards by individual EPSCoR State jurisdiction and individual researcher; and

Survey.

(H) conduct a survey of colleges and university faculty at all levels regarding their knowledge and understanding of EPSCoR, and their level of interaction with and knowledge about their respective State or Jurisdictional EPSCoR Committee.

(3) MEETINGS AND REPORTS.—The Committee shall meet at least twice each fiscal year and shall submit an annual report to the appropriate committees of Congress describing progress made in carrying out paragraph (2).

(e) FEDERAL AGENCY REPORTS.—Each Federal agency that administers an EPSCoR or Federal EPSCoR-like program shall submit to the OSTP as part of its Federal budget submission—

(1) a description of the program strategy and objectives;

(2) a description of the awards made in the previous year, including—

(A) the percentage of reviewers and number of new reviewers from EPSCoR States;

(B) the percentage of new investigators from EPSCoR States;

(C) the number of programs or large collaborator awards involving a partnership of organizations and institutions from EPSCoR and non-EPSCoR States; and
(3) an analysis of the gains in academic research quality and competitiveness, and in science and technology human resource development, achieved by the program in the last year.

(f) NATIONAL ACADEMY OF SCIENCES STUDY.—

(1) IN GENERAL.—The Director shall contract with the National Academy of Sciences to conduct a study on all Federal agencies that administer an Experimental Program to Stimulate Competitive Research or a program similar to the Experimental Program to Stimulate Competitive Research.

Contracts.

(2) MATTERS TO BE ADDRESSED.—The study conducted under paragraph (1) shall include the following:

(A) A delineation of the policies of each Federal agency with respect to the awarding of grants to EPSCoR States.

(B) The effectiveness of each program.

(C) Recommendations for improvements for each agency to achieve EPSCoR goals.

(D) An assessment of the effectiveness of EPSCoR States in using awards to develop science and engineering research and education, and science and engineering infrastructure within their States.

(E) Such other issues that address the effectiveness of EPSCoR as the National Academy of Sciences considers appropriate.

SEC. 518. SENSE OF THE CONGRESS REGARDING THE SCIENCE, TECHNOLOGY, ENGINEERING, AND MATHEMATICS TALENT EXPANSION PROGRAM.

TITLE VII—NIST GREEN JOBS

SEC. 701. SHORT TITLE.

This title may be cited as the “NIST Grants for Energy Efficiency, New Job Opportunities, and Business Solutions Act of 2010” or the “NIST GREEN JOBS Act of 2010”.

SEC. 702. FINDINGS.

Congress finds the following:

(1) Over its 20-year existence, the Hollings Manufacturing Extension Partnership has proven its value to manufacturers as demonstrated by the resulting impact on jobs and the economies of all 50 States and the Nation as a whole.

(2) The Hollings Manufacturing Extension Partnership has helped thousands of companies reinvest in themselves through process improvement and business growth initiatives leading to more sales, new markets, and the adoption of technology to deliver new products and services.

(3) Manufacturing is an increasingly important part of the construction sector as the industry moves to the use of more components and factory built sub-assemblies.

(4) Construction practices must become more efficient and precise if the United States is to construct and renovate its building stock to reduce related carbon emissions to levels that are consistent with combating global warming.

(5) Many companies involved in construction are small, without access to innovative manufacturing techniques, and could benefit from the type of training and business analysis activities that the Hollings Manufacturing Extension Partnership routinely provides to the Nation’s manufacturers and their supply chains.

(6) Broadening the competitiveness grant program under section 25(f) of the National Institute of Standards and Technology Act (15 U.S.C. 278k(f)) could help develop and diffuse knowledge necessary to capture a large portion of the estimated \$100 billion or more in energy savings if buildings in the United States met the level and quality of energy efficiency now found in buildings in certain other countries.

Local Community
Radio Act
of 2010.
47 USC 303 note.

To implement the recommendations of the Federal Communications Commission report to the Congress regarding low-power FM service, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Local Community Radio Act of 2010”.

SEC. 2. AMENDMENT.

Section 632 of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act, 2001 (Public Law 106–553; 114 Stat. 2762A–111), is amended to read as follows:

“SEC. 632. (a) The Federal Communications Commission shall modify the rules authorizing the operation of low-power FM radio stations, as proposed in MM Docket No. 99–25, to—

“(1) prescribe protection for co-channels and first- and second-adjacent channels; and

“(2) prohibit any applicant from obtaining a low-power FM license if the applicant has engaged in any manner in the unlicensed operation of any station in violation of section 301 of the Communications Act of 1934 (47 U.S.C. 301).

“(b) Any license that was issued by the Federal Communications Commission to a low-power FM station prior to April 2, 2001, and that does not comply with the modifications adopted by the Commission in MM Docket No. 99–25 on April 2, 2001, shall remain invalid.”.

SEC. 3. MINIMUM DISTANCE SEPARATION REQUIREMENTS.

(a) **IN GENERAL.**—The Federal Communications Commission shall modify its rules to eliminate third-adjacent minimum distance separation requirements between—

(1) low-power FM stations; and

(2) full-service FM stations, FM translator stations, and FM booster stations.

(b) **RESTRICTION.**—

(1) **IN GENERAL.**—The Federal Communications Commission shall not amend its rules to reduce the minimum co-channel and first- and second-adjacent channel distance separation requirements in effect on the date of enactment of this Act between—

(A) low-power FM stations; and

(B) full-service FM stations.

(2) WAIVER.—

(A) IN GENERAL.—Notwithstanding paragraph (1), the Federal Communications Commission may grant a waiver of the second-adjacent channel distance separation requirement to low-power FM stations that establish, using methods of predicting interference taking into account all relevant factors, including terrain-sensitive propagation models, that their proposed operations will not result in interference to any authorized radio service.

(B) REQUIREMENTS.—

(i) SUSPENSION.—Any low-power FM station that receives a waiver under subparagraph (A) shall be required to suspend operation immediately upon notification by the Federal Communications Commission that it is causing interference to the reception of an existing or modified full-service FM station without regard to the location of the station receiving interference.

(ii) ELIMINATION OF INTERFERENCE.—A low-power FM station described in clause (i) shall not resume operation until such interference has been eliminated or it can demonstrate to the Federal Communications Commission that the interference was not due to emissions from the low-power FM station, except that such station may make short test transmissions during the period of suspended operation to check the efficacy of remedial measures.

(iii) NOTIFICATION.—Upon receipt of a complaint of interference from a low-power FM station operating pursuant to a waiver authorized under subparagraph (A), the Federal Communications Commission shall notify the identified low-power FM station by telephone or other electronic communication within 1 business day.

Deadline.

SEC. 4. PROTECTION OF RADIO READING SERVICES.

The Federal Communications Commission shall comply with its existing minimum distance separation requirements for full-service FM stations, FM translator stations, and FM booster stations that broadcast radio reading services via an analog subcarrier frequency to avoid potential interference by low-power FM stations.

SEC. 5. ENSURING AVAILABILITY OF SPECTRUM FOR LOW-POWER FM STATIONS.

The Federal Communications Commission, when licensing new FM translator stations, FM booster stations, and low-power FM stations, shall ensure that—

(1) licenses are available to FM translator stations, FM booster stations, and low-power FM stations;

(2) such decisions are made based on the needs of the local community; and

(3) FM translator stations, FM booster stations, and low-power FM stations remain equal in status and secondary to existing and modified full-service FM stations.

SEC. 6. PROTECTION OF TRANSLATOR INPUT SIGNALS.

The Federal Communications Commission shall modify its rules to address the potential for predicted interference to FM translator

input signals on third-adjacent channels set forth in section 2.7 of the technical report entitled “Experimental Measurements of the Third-Adjacent Channel Impacts of Low-Power FM Stations, Volume One—Final Report (May 2003)”.

SEC. 7. ENSURING EFFECTIVE REMEDIATION OF INTERFERENCE.

The Federal Communications Commission shall modify the interference complaint process described in section 73.810 of its rules (47 CFR 73.810) as follows:

(1) With respect to those low-power FM stations licensed at locations that do not satisfy third-adjacent channel spacing requirements under section 73.807 of the Commission’s rules (47 CFR 73.807), the Federal Communications Commission shall provide the same interference protections that FM translator stations and FM booster stations are required to provide as set forth in section 74.1203 of its rules (47 CFR 74.1203) as in effect on the date of enactment of this Act.

(2) For a period of 1 year after a new low-power FM station is constructed on a third-adjacent channel, such low-power FM station shall be required to broadcast periodic announcements that alert listeners that interference that they may be experiencing could be the result of the operation of such low-power FM station on a third-adjacent channel and shall instruct affected listeners to contact such low-power FM station to report any interference. The Federal Communications Commission shall require all newly constructed low-power FM stations on third-adjacent channels to—

(A) notify the Federal Communications Commission and all affected stations on third-adjacent channels of an interference complaint by electronic communication within 48 hours after the receipt of such complaint; and

(B) cooperate in addressing any such interference.

(3) Low-power FM stations on third-adjacent channels shall be required to address complaints of interference within the protected contour of an affected station and shall be encouraged to address all other interference complaints, including complaints to the Federal Communications Commission based on interference to a full-service FM station, an FM translator station, or an FM booster station by the transmitter site of a low-power FM station on a third-adjacent channel at any distance from the full-service FM station, FM translator station, or FM booster station. The Federal Communications Commission shall provide notice to the licensee of a low-power FM station of the existence of such interference within 7 calendar days of the receipt of a complaint from a listener or another station.

(4) To the extent possible, the Federal Communications Commission shall grant low-power FM stations on third-adjacent channels the technical flexibility to remediate interference through the colocation of the transmission facilities of the low-power FM station and any stations on third-adjacent channels.

(5) The Federal Communications Commission shall—

(A) permit the submission of informal evidence of interference, including any engineering analysis that an affected station may commission;

(1) conduct a cost-benefit analysis, in accordance with Office of Management and Budget Circular A-94, comparing extending the service life of existing F/A-18 aircraft with procuring additional F/A-18E or F/A-18F aircraft as a means of managing the shortfall of the Department of the Navy in strike fighter aircraft; and

(2) submit to the congressional defense committees a report on such cost-benefit analysis.

(b) **ELEMENTS OF COST-BENEFIT ANALYSIS.**—The cost-benefit analysis required by subsection (a)(1) shall include the following:

(1) An estimate of the full costs, over the period covered by the future-years defense program submitted to Congress under section 221 of title 10, United States Code, with the budget of the President, of extending legacy F/A-18 aircraft beyond 8,600 hours, including—

(A) any increases in operation and maintenance costs associated with operating such aircraft beyond a service life of 8,600 hours; and

(B) the costs with respect to the airframe, avionics, software, and aircraft subsystems and components required to remain relevant in countering future threats and meeting the warfighting requirements of the commanders of the combatant commands.

(2) An estimate of the full costs, over the period covered by such future-years defense program, of procuring such additional F/A-18E or F/A-18F aircraft as would be required to meet the strike fighter requirements of the Department of the Navy in the event the service life of legacy F/A-18 aircraft is not extended beyond 8,600 hours.

(3) An assessment of risks associated with extending the service life of legacy F/A-18 aircraft beyond 8,600 hours, including the level of certainty that the Secretary will be able to achieve such an extension.

(4) An estimate of the cost-per-flight hour incurred in operating legacy F/A-18 aircraft with a service life extended beyond 8,600 hours.

(5) An estimate of the cost-per-flight hour incurred for operating new F/A-18E or F/A-18F aircraft.

(6) An assessment of any alternatives to extending the service life of legacy F/A-18 aircraft beyond 8,600 hours or buying additional F/A-18E or F/A-18F aircraft that may be available to the Secretary to manage the shortfall of the Department of the Navy in strike fighter aircraft.

(c) **ADDITIONAL ELEMENTS OF REPORT.**—In addition to the information required in the cost-benefit analysis under subsection (b), the report under subsection (a)(2) shall include an assessment of the following:

(1) Differences in capabilities of—

(A) legacy F/A-18 aircraft that have undergone service-life extension;

(B) F/A-18E or F/A-18F aircraft; and

(C) F-35C aircraft.

(2) Differences in capabilities that would result under the legacy F/A-18 aircraft service-life extension program if such program would—

(A) provide only airframe-life extensions to the legacy F/A-18 aircraft fleet; and

(B) provide for airframe-life extensions and capability upgrades to the legacy F/A-18 aircraft fleet.

(3) Any disruption that procuring additional F/A-18E or F/A-18F aircraft, rather than extending the service life of legacy F/A-18 aircraft beyond 8,600 hours, would have on the plan of the Navy to procure operational carrier-variant Joint Strike Fighter aircraft.

(4) Any changes that procuring additional F/A-18E or F/A-18F aircraft, rather than extending the service life of legacy F/A-18 aircraft beyond 8600 hours, would have on the force structure or force mix intended by the Navy for its carrier air wings.

(5) Any other operational implication of extending (or not extending) the service life of legacy F/A-18 aircraft that the Secretary considers appropriate.

(d) REPORT ON OPERATIONAL F/A-18 AIRCRAFT SQUADRONS.—Before reducing the number of F/A-18 aircraft in an operational squadron of the Navy or Marine Corps, the Secretary shall submit to the congressional defense committees a report that discusses the operational risks and impacts of reducing the squadron size. Subtitle C—Missile Defense Programs

SEC. 221. SENSE OF CONGRESS ON BALLISTIC MISSILE DEFENSE.

(a) SENSE OF CONGRESS.—It is the sense of Congress—

(1) that the phased, adaptive approach to missile defense in Europe is an appropriate response to the existing ballistic missile threat from Iran to the European territory of North Atlantic Treaty Organization countries, and to potential future ballistic missile capabilities of Iran;

(2) that the phased, adaptive approach to missile defense in Europe is not intended to, and will not, provide a missile defense capability relative to the ballistic missile deterrent forces of the Russian Federation, or diminish strategic stability with the Russian Federation;

(3) to support the efforts of the United States Government and the North Atlantic Treaty Organization to pursue cooperation with the Russian Federation on ballistic missile defense relative to Iranian missile threats;

(4) that the ground-based midcourse defense system deployed in Alaska and California currently provides adequate defensive capability for the United States against currently anticipated future long-range ballistic missile threats from Iran, and this capability will be enhanced as the system is improved, including by the planned deployment of an AN/TPY–2 radar in southern Europe in 2011;

(5) that the ground-based midcourse defense system should be maintained, enhanced, and adequately tested to ensure its operational capability through its service life;

(6) that the United States should, as stated in its unilateral statement accompanying the New START Treaty, “continue improving and deploying its missile defense systems in order to defend itself against limited attack and as part of our collaborative approach to strengthening stability in key regions”;

(7) that, as part of this effort, the Department of Defense should pursue the development, testing, and deployment of operationally effective versions of all variants of the standard missile–3 for all four phases of the phased, adaptive approach to missile defense in Europe;

(8) that the standard missile–3 block IIB interceptor missile planned for deployment in phase 4 of the phased, adaptive approach should be capable of addressing the potential future threat of intermediate-range and long-range ballistic missiles

from Iran, including intercontinental ballistic missiles that could be capable of reaching the United States;

(9) that there are no constraints contained in the New START Treaty on the development or deployment by the United States of effective missile defenses, including all phases of the phased, adaptive approach to missile defense in Europe and further enhancements to the ground-based midcourse defense system, as well as future missile defenses; and

(10) that the Department of Defense should continue the development, testing, and assessment of the two-stage ground-based interceptor in such a manner as to provide a hedge against potential technical challenges with the development of the standard missile–3 block IIB interceptor missile as a means of augmenting the defense of Europe and of the homeland against a limited ballistic missile attack from nations such as North Korea or Iran.

SEC. 314. COMPTROLLER GENERAL ASSESSMENT ON MILITARY ENVIRONMENTAL EXPOSURES.

(a) **FINDINGS.**—Congress makes the following findings:

(1) There have been various reports of the exposure of current and former members of the Armed Forces, their dependents, and civilian employees to environmental hazards while living and working on military installations.

(2) There is the need to better understand existing Department of Defense policies and procedures for addressing possible environmental exposures at military installations, determining any correlation between such an exposure and a subsequent health condition, and handling claims and potential compensation.

(3) While many of these possible exposures have been studied and evaluated, the extent to which those exposures caused or contributed to the short- and long-term health conditions of current and former members of the Armed Forces, their dependents, and civilian employees remains largely unknown.

(4) As for these possible exposures and the link between the exposure and subsequent health conditions, there may be better ways for the Federal Government to evaluate, address and, as warranted, provide health benefits or possible compensation as a remedy to these potential exposures.

(b) **COMPTROLLER GENERAL ASSESSMENT REQUIRED.**—The Comptroller General of the United States shall carry out an assessment of possible exposures to environmental hazards on military installations that includes the following:

(1) An identification of the policies and processes by which the Department of Defense and the military departments respond to environmental hazards on military installations and possible exposures and determine if there is a standard framework.

(2) An identification of the existing processes available to current and former members of the Armed Forces, their dependents, and civilian employees to seek compensation and health benefits for exposures to environmental hazards on military installations.

(3) A comparison of the processes identified under paragraph (2) with other potential options or methods for providing health benefits or compensation to individuals for injuries that may have resulted from environmental hazards on military installations.

(4) An examination of what is known about the advantages and disadvantages of other potential options or methods as well as any shortfalls in the current processes.

(5) Recommendations for any administrative or legislative action that the Comptroller General deems appropriate in the context of the assessment.

(c) **REPORT.**—Not later than January 1, 2012, the Comptroller General shall submit to the Chairmen and Ranking Members of the Committees on Armed Services of the Senate and the House of Representatives a report on the findings and recommendations, as appropriate, of the Comptroller General with respect to the assessment conducted under subsection (b).

(d) **COORDINATION.**—In carrying out subsection (b), the Comptroller General shall receive comments from the Secretary of Defense and others, as appropriate.

(e) **CONSTRUCTION.**—Nothing in this section shall be interpreted to impede, encroach, or delay—

(1) any studies, reviews, or assessments of any actual or potential environmental exposures at any military installation, including the studies included in the Agency for Toxic Substances and Disease Registry's Annual Plan of Work regarding the water contamination at Camp Lejeune, North Carolina;

(2) the Agency for Toxic Substances and Disease Registry's statutory obligations, including its obligations under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601 et seq.) regarding Superfund sites; or

Comments.

SEC. 2855. SENSE OF CONGRESS ON PROPOSED EXTENSION OF THE ALASKA RAILROAD CORRIDOR ACROSS FEDERAL LAND IN ALASKA.

SEC. 2856. SENSE OF CONGRESS ON IMPROVING MILITARY HOUSING FOR MEMBERS OF THE AIR FORCE.

(a) **FINDING.**—Congress makes the following findings:

(1) In the mid-1990s, the Department of Defense became concerned that inadequate and poor quality housing for members of the Armed Forces was adversely affecting the quality of life for members and their families and adversely affecting military readiness by contributing to decisions by members to leave the Armed Forces.

(2) At that time, the Department of Defense designated about 180,000 houses, or nearly two-thirds of its domestic family housing inventory, as inadequate and needing repair or complete replacement.

(3) The Department of Defense believed that it would need about \$20,000,000,000 in appropriated funds and would take up to 40 years to eliminate poor quality military housing through new construction or renovation using its traditional military construction approach.

(4) In 1996, Congress enacted the Military Housing Privatization Initiative to provide the Department of Defense with a variety of authorities to obtain private sector financing

and management for the repair, renovation, construction, and management of military family housing.

(5) The Air Force has used the Military Housing Privatization Initiative to award 27 projects at 44 military bases to improve over 37,000 homes.

(6) The Air Force has received \$7,100,000,000 in total development investment from the private sector for new housing with a taxpayer contribution of approximately \$425,000,000, representing a 15 to 1 leveraging of taxpayer dollars.

(7) The Air Force, like the other military services, has been able to leverage varying conditions of housing at military bases into fiscally viable projects by packaging housing inventories at multiple bases into a single transaction.

(8) Congress has approved transactions involving the packaging of multiple bases as a critical tool to maximize the efficient use of taxpayer funds.

(9) Congress supports the goal of the Air Force to complete transactions for the repair, renovation, construction, and management of 100 percent of their military family housing inventory in the United States by December 31, 2012.

(10) The Air Force currently has 6 project solicitations prepared for open competition at 22 Air Force installations to improve over 15,000 homes.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of the Air Force should use existing authority to carry out solicitations for the 6 military housing projects involving the packaging of 22 bases consistent with the goal of improving 15,000 homes for Air Force personnel and their families by December 31, 2012.

SEC. 2857. SENSE OF CONGRESS REGARDING RECREATIONAL HUNTING AND FISHING ON MILITARY INSTALLATIONS.

It is the sense of the Congress that—

(1) military installations that permit public access for recreational hunting and fishing should continue to permit such hunting and fishing where appropriate;

(2) permitting the public to access military installations for recreational hunting and fishing benefits local communities by conserving and promoting the outdoors and establishing positive relations between the civilian and defense sectors;

(3) any military installations that make recreational hunting and fishing permits available for purchase should provide a discounted rate for active and retired members of the Armed Forces and veterans with disabilities; and

(4) the Department of Defense, all of the service branches, and military installations that permit public access for recreational hunting and fishing should promote access to such installations by making the appropriate accommodations for members of the Armed Forces and veterans with disabilities.
